Overview

Splash 1080p Action Camera Black

Enjoy a family adventure with the Kitvision Splash Action Camera; perfect for family holidays, fun days out or time together at home.

Record it all, from their first swimming lessons or splashing in the waves, to the first time on the junior slopes, mountain biking in the forest together, or the picnic in the park; capture every adventure, big or small, and do it together.

The Splash Action Camera is simple to use with one-touch recording so you can all use it.

The LCD screen allows you to compose shots, get creative, and view playback.

The Full HD 1080p video and 12 megapixel photos ensure every special moment is captured in great quality, whether you choose to film or take photos.

Get creative with the range of video and photo modes available, including: loop recording and motion detection, and single shot, timed and continuous shooting to suit any activity.

Packed full of accessories and mounts, you and your family can get out and try it all; whatever adventure you wish to set out on as a family, the Splash Action Camera guarantees you won't miss a thing, and you'll enjoy every moment captured forever.
