Overview

Transcend JetDrive Lite 350 (256GB) Storage Expansion Card for 15-inch MacBook Pro Retina Display Models

Introducing Transcend's JetDrive Lite storage expansion cards for the MacBook Air and MacBook Pro with Retina display.

JetDrive Lite expansion cards are a quick and easy way to gain the additional space you need without adding any bulk to your MacBook computer.

Simply insert JetDrive Lite into the card reader slot on the side of your MacBook and instantly boost your storage capacity.

With up to 256GB available, you can store up to 124,000 photos, 64,000 songs or 3840 min.

of Full HD video.

JetDrive Lite cards are built with the highest quality MLC flash and can achieve read speeds of up to 95MB/s and write speeds of up to 60MB/s.

Perfect for Time Machine backups, iTunes libraries, or anything in-between.

With a flush profile that's tailor-made for each MacBook model, Transcend's JetDrive Lite expansion cards are designed to seamlessly integrate with your MacBook.

JetDrive Lite expansion cards include the free download of Transcend's exclusive JetDrive Toolbox software which allow users to recover the accidentally deleted images, videos, MP3 and PDF files in just a few easy clicks.

JetDrive Lite flash expansion cards are manufactured using advanced COB (chip-on-board) technology, making them resistant to water, dust, and shock.

So regardless of what kind of adventures you decide to embark on with your MacBook, you can count on JetDrive Lite expansion cards to keep your data safe.

The JetDrive Lite series is specifically designed for MacBook Air and MacBook Pro with Retina display computers.

Available in four different sizes, each is individually sized to suit the different slot dimensions of each model.
