Overview

Dymo Rhino 5200 Label Printer 2 Line Display

Now it's easier than ever to give your installations a neat, professional look that builds your reputation! Fast, rugged and packed with time-saving features, RHINO 5200 helps comply with ANSI/TIA/EIA-606-A standards, and is designed for professional installers in real world job site conditions.

Hot-keys make it easy to print pre-formatted labels for wire and cable, terminal blocks, electrical and patch panels, vertical and fixed lengths.

RHINO 5200 uses easy-peel labels with industrial strength adhesives, available in five materials, so you can be confident your labels will stay stuck, and stay legible, even in tough conditions.

- DYMO exclusive hot keys automatically size, space and format labels for wire and cables, modules, terminal blocks, patch panels, vertical and fixed - length applications
- Pre-programmed symbol library with industry symbols, punctuation, currency and fractions
- Large two-line display
- Backlit display for poorly-lit installations
- Save/recall > 100 label formats
- Prints Code 39 and Code 128 bar codes on 19mm labels
- Print upto 1 line of text on 6mm, 3 lines on 9mm/12mm, or 5 lines on 19mm tape
