Form Factor : Maintenance Kit
Industry Standard Product Classification : 43210
Pack Quantity : 1
Product Type : Printer Maintenance Kit

Pack Quantity 1
Price : £212.78

Overview

HP Preventative Maintenance kit 220v 200,000 pages for LaserJet 4300

A Maintenance kit is a preventive measure for HP LaserJet series printers.

Through extensive testing, HP engineers have determined that certain printer parts undergo similar wear patterns over time.

The HP LaserJet maintenance kit contains replacements for these parts.

Although purchasing a maintenance kit is not required, regular insertion of a genuine HP Maintenance kit in an HP LaserJet printer helps eliminate repeat service calls and maximizes paper feed and print quality performance.

In addition, maintenance kits are priced substantially lower than purchasing these same parts individually.
