Pack Quantity 1
Price : £290.90

Overview

Samsung ProXpress M4020ND (A4) Mono Laser Networked Printer 256MB 2 Line LCD 40ppm 100,000 (MDC)

Most businesses and small and home office (SOHO) companies increasingly require high productivity and lower operating costs from their printers.

These businesses need printers that also are easy to use and versatile for printing a range of documents and presentations.

ReCP technology improves readability of printed documents by enhancing thin lines and sharpening the edges of negative text.

The ProXpress M4020 3820 3320 series deliver sharp, solid prints with effective output print resolutions of up to 1200 x 1200dpi.

The printers' multipurpose tray supports media of up to 220gsm (grams per square meter) in weight, which offers more printing choices for professional documents.

Numerous labels, cards and envelopes can be printed using the multi-purpose tray with ease.

This ability virtually eliminates the time it takes to feed sheets one at a time.

Businesses can lower toner and paper usage with the One Touch Eco Button.

The One Touch Eco Button automatically activates 2-up printing (two pages on the same side) and duplex printing (printing on both sides).

Users can also choose the option to skip blank pages in the toner saving mode.

These eco settings can be adjusted using Easy Printer Manager.of removing images, converting them from bitmap to sketch, and removing text to save toner using the Toner Saving Mode.

- Print with exceptional speed and superior quality
- Additional printing choices for professional documents
- Reduce operating expenses with economical features and solutions
