Overview

Dymo LabelWriter 450 Label Printer USB 600 x 300dpi

Label faster.

Mail smarter.

Look sharp.

Take the hassles out of label printing with the DYMO LabelWriter 450 label printer.

Label, mail and file smarter with proprietary DYMO Label v.8 Software.

DYMO Label version 8 Software enables you to create and print address, shipping, file, folder and barcode labels, plus name badges and more - all without the extra work and hassles of printing sheet labels on a standard desktop printer.

- Label, mail, and file smarter with proprietary DYMO Label v.8 Software
- Print up to 51 labels a minute
- Uses thermal printing technology – no expensive ink or toner needed, ever
- Create labels directly from text in Microsoft Word, Excel, Outlook and other programs, without retyping
- Quickly create a one-off label whenever you need one with the QuickPrint widget
- Print crystal-clear text, graphics and barcodes with improved 600 x 300 dpi graphics mode
- Choose from 100+ label styles and layouts

- Browse all available label layouts on screen – quickly find the best label for any job
- Share with co-workers using Windows/Mac printer sharing
- 4-line address label
