Overview

Canon PIXMA PRO-100S (A3) Colour Inkjet Professional Photo Printer (Black)

Express yourself in rich, glossy and vibrant colour photos and stunning mono prints thanks to an 8-ink dye based system with three monochrome inks, which uses Chromalife 100+ for enhanced colour reproduction and improved permanence.

Experience gallery quality prints with virtually no waiting around.

The PIXMA PRO-100S is designed for speed and delivers a borderless 4 x 6' photo in just 34 seconds and an A3+ bordered print in approx.

90 seconds.

Use the Pro Gallery Print app for the iPad to work seamlessly with professional cloud-based photography services such as Zenfolio and SmugMug.

Print photos directly from your preferred cloud storage services including Facebook, Dropbox, Google Drive and OneDrive using PIXMA Cloud Link.

Print directly and easily from your tablet or smartphone using the Canon PRINT app.

An Ethernet connection makes it simple to integrate the PIXMA PRO-100S into your workflow.

Take the hassle out of finding the correct print settings by using Canon's Print Studio Pro plugin, which is compatible with Adobe Photoshop and Lightroom - so you can print straight from your professional editing software.

Compatible with a choice of professional quality printer paper from Canon, plus specialist papers from manufacturers such as Hahnemühle and Canson.

Print labels directly onto compatible CDs using Direct Disc Print to create a professional look for your media.

- 8-ink dye based system for professional quality prints
- Print directly from cloud-based photo and storage services
- Wireless printing from your PC, tablet and smartphone
- Easy integration with professional editing software
- Wide range of Canon and other specialist papers supported
