Overview

Canon i-SENSYS MF418x (A4) Mono Laser All-in-One (Print/Copy/Fax) 1GB 3.5 inch Colour LCD 33ppm (Mono) 50,000 (MDC)

An ideal addition to your fleet of networked printers, the smart, simple and compact MF418x black and white Multifunctional printer offers laser-quality print, copy and scanning plus full support for flexible working.

Small workgroups can gain a welcome productivity boost from the MF418x A4 laser Multifunctional printer.

Offering professional-quality printing speeds of up to 33ppm, the MF418x is versatile enough to handle all your document needs despite its impressively compact size.

An intuitive 3.5' colour touch screen, 550-page paper capacity and Quick First-Print from start-up all help your teams to work more efficiently and without interruption.

The MF418x also offers a convenient privacy feature a convenient privacy feature: the Secure Print function protects your documents with a PIN code, even when you're printing from a mobile device.

Thanks to the MF418x's extensive support for Apple AirPrint (iOS) and Mopria (Android), your workgroup can print from any enabled device.

They can also access a wide range of advanced features with the Canon PRINT Business app and can connect the device to a Google Cloud Print account in seconds.

The cloud-ready MF418x can help your business to become more agile.

Using the MF Scan Utility (for PCs/laptops) and the Canon PRINT Business app (for mobile devices), everyone can connect seamlessly between the MF418x and popular cloud storage services like Evernote and DropBox to capture, digitise and share documents on the go - or simply to scan and email in a single operation.

With a host of flexible networking capabilities, the MF418x makes a perfect addition to your network.

WiFi and Ethernet connectivity, alongside support for PCL5e/6 and Adobe PostScript printer languages, enable hassle-free integration into managed network environments.

With Canon's e-Maintenance remote service management and support for Canon's uniFLOW output management system make the MF418x equally well-suited to managed network environments.

Consistent reliability and renewed quality are ensured every time you change your toner thanks to Canon's All-In-One Cartridge design that replaces all key components at once with every toner change.

And with low energy consumption in Sleep and Standby modes, automatic duplex printing, and a smart power-saving Auto Off feature, the MF418x makes a sustainable, cost-conscious choice.

- Black and white A4 laser Multifunctional printer with WiFi that's tailor-made for small workgroups
- Fast, professional-quality printing at up to 33ppm
- Easy operation using the intuitive colour touch screen
- Automatic duplex printing reduces waste and overheads
- Quick First-Print saves time and keeps your teams productive
- Secure PIN printing
- AirPrint, Mopria and the Canon PRINT Business app for printing from smartphones and tablets
- Works easily with popular cloud storage services
- Easy integration with device and output management capabilities
- Simple to maintain with convenient All-In-One Cartridges
