Overview

Lexmark CS727de (A4) Colour Laser Printer (Duplex/Network) 1024MB 4.3 inch Colour Touchscreen 38ppm 120,000 (MDC) LEX64404

Lexmark's CS727de prints up to 38 ppm, with high print speeds for business-class productivity.

Includes input capacity of up to 2,300 sheets, touch screen and PANTONE colour.

A 1.2 GHz quad core processor with up to 3GB of memory gives the CS727de fast and powerful print capabilities.

Professional colour features like ultra-sharp 4800 Colour Quality, PANTONE calibration and Lexmark Colour Replacement work with Unison Toner to deliver precision matching of critical colours.

Lexmark's Embedded Solutions Framework applications enable running applications designed to meet the needs of your industry.

Media loading and feeding are engineered for ease, reliability and versatility, with up to 650 pages of standard input capacity (expandable to 2,300), small-media and banner-length support, and exceptionally durable input trays that resist misfeeds.

A bright, 10.9-cm colour touch screen features an ultra-smooth surface and can be activated by almost anything, including pens, fingertips or nails -without pressure or direct skin contact.

Essential to Lexmark's print system performance, the unique formulation of Unison Toner consistently delivers outstanding image quality, ensures long-life print system reliability and promotes superior sustainability -- all in an innovative shake-free print system.

- Powerful quad core CPU
- Exceptional colour quality
- Versatile media handling
- 4 year guarantee
