Overview

Optoma X400 Full 3D Mobile Projector 22,000:1 4,000 Lumens 1024x768 (2.4kg) OP64116

Transform the delivery of your presentation with the first ever 4,000 lumen, small, lightweight X400 projector.

This model is designed to be used at any time of day and for multiple purposes, including professional use - from business meetings to classrooms.

It offers top quality projected colours, long lamp life with a low overall cost of ownership.

This product boasts simplicity in design, with easy navigation and reliability.

Convenient, with multiple inputs including HDMI and MHL, this projector is ideal for connecting HDMI dongles such as the Google Chromecast and the Optoma HDCast Pro enabling you to connect your laptop, PC or Blu-ray player.

This compact model can either be installed or conveniently taken on the move.

Add more depth to your image with a high contrast projector; with brighter whites and ultra-rich blacks, images come alive and text appears crisp and clear - ideal for business and education applications.

Optoma projectors can display true 3D content from almost any 3D source, including 3D Blu-ray players, 3D broadcasting and the latest generation games consoles.

The built-in speaker offers excellent audio support.

Easy to set up without the need for costly external speakers.

Turn your projector into a smart display by connecting your smartphone or tablet with a single cable using MHL; now you can view presentations and documents, stream videos and share photos on the big screen.

Reduce the number of lamp changes with lamp life of up to 10,000 hours using the Education Cycle.

- Bright XGA projector - 4000 ANSI lumens
- Easy connectivity - HDMI, VGA, USB-A Power, 2W speaker
- Low ownership costs - up to 10,000 hours lamp life
- Lightweight and portable
