Printer Standard Resolution : 2400dpi x 600dpi
Product Family : HL-Series
Product Type : Laser Printer
Speed Monochrome : 30ppm

Pack Quantity 1
Price : £110.46

Overview

Brother HL-L2360DN (A4) Mono Laser Printer (Duplex/Network Ready) 32MB 1x16 Line LCD 30ppm 10,000MDC (Black)

With up to 30 pages / min.

sets the HL-L2360DN even with larger print jobs a high pace.

A print resolution of up to 2400 x 600 dpi delivers excellent results that do not even have less than 8.5 seconds long in coming.

A click on the printer driver is enough to print A4 pages on request automatically on both sides and save everyday office paper and costs.

About the intelligent booklet printing function is automatically a handy A5 booklet from a multi-page A4 document.

The Brother HL-L2360DN is equipped with a generous 250-sheet paper cassette.

This eliminates the frequent paper filling even with larger print jobs.

At the same time your paper cassette protects against dust accumulation and yellowing caused by direct exposure to light.

Connect the HL-L2360DN locally via USB or connect it via LAN in your network.

For configuration and administration via the network, there are intelligent solutions such as Web-based management.

The PCL 6 emulation enables the application under both DOS and SAP.

Or use the many opportunities the HL-2360DN over the network to connect to your mobile devices, such as the Brother app iPrint &Scan, AirPrint and Google Cloud Print.

In addition to the paper cassette has the HL-L2360DN a sheet feeder.

Furthermore you can easily use envelopes to remove specific types of paper or thicker media without the default paper from the paper cassette.

Increased media are printed without deflection using the straight paper path.

The printer has been awarded the Blue Angel (RAL-UZ 171) as a resource-saving, low noise and low emissions.

- Multiple connection options
- High print quality - even in duplex printing
- 250 sheet paper cassette
- Flexible thanks to cut-sheet feeder
- Environmentally friendly
- Up to 30 pages per minute
- 32 MB of memory
- Resolution up to 2400 x 600 dpi
