Overview

Apple iPhone 8 (4.7 inch Multi-Touch) Retina HD Display 64GB WLAN WWAN Bluetooth Camera Fingerprint-Sensor iOS11 (Gold) APP45138

iPhone 8 introduces an all-new glass design.

The world's most popular camera, now even better.

The smartest, most powerful chip ever in a smartphone.

Wireless charging that's truly effortless.

And augmented reality experiences never before possible.

iPhone 8.

A new generation of iPhone.

The most durable glass ever in a smartphone, front and back.

A colour-matched, aerospace-grade aluminum band.

New space gray, silver, and gold finishes.

Retina HD display that's more beautiful than ever.

With True Tone, a wide colour gamut, and 3D Touch.

True Tone technology automatically adjusts white balance to match the light around you.

For a better viewing experience in all kinds of environments.

With a wide colour gamut and the best colour accuracy in the industry, everything on the screen looks more brilliant and vibrant.

iPhone 8 features a more advanced 12MP camera.

With a larger, faster sensor.

A new colour filter.

Deeper pixels.

And optical image stabilization for photos and videos.

Introducing A11 Bionic.

With four efficiency cores that are up to 70 percent faster than A10 Fusion.

And two performance cores that are up to 25 percent faster.

A second-generation performance controller provides more power when you need it.

While delivering the same great battery life.

With no charging cable required, iPhone 8 is truly designed for the future of wireless.

Charge with wireless charging stations and mats in hotels, cafes, and airports around the world.
