Plantronics SupraPlus HW261/A Wideband Binaural Voice Tube Headset

Plantronics SupraPlus headset sets the standard in audio performance.

SupraPlus is UC ready with wideband technology that ensures great incoming call quality. The Microphone boom is longer and sleeker; improving user positioning for better outgoing call quality and the ultra noise-cancelling microphone provides exceptional noise reduction.

All this enables much clearer conversations and less fatigue for office and contact centre workers.

Ergonomically designed, and available in monaural or binaural versions; voice tube; noise-cancelling; silver or black, the versatile SupraPlus is the headset of choice in offices and contact centres around the world.

- SupraPlus Binaural wide band headset
