Overview

Plantronics EncorePro HW710 Over-the Head Monaural Headset PLR02913

Customer expectations are rising and calls are becoming more complex than ever.

To deliver the ultimate customer service you need the ultimate headset - the EncorePro 700 Series.

This sophisticated over-the-head design coupled with a lightweight yet robust construction also comes in a choice of monaural and binaural wearing styles to match the needs of your users.

Combined with VoIP-ready wideband audio for smarter customer interactions, this is the most advanced EncorePro ever made.

With the EncorePro 700 Series, every component has been designed for exceptional audio performance.

The extendible boom means your users can alter the microphone so it is in the best position to capture the power of their voice.

Seven axes of adjustability also give your people a simple and tactile way to position the boom to ensure consistent audio performance throughout the day.

For complex or lengthy calls, you need to know your people remain comfortable so they can handle any kind of customer query.

The EncorePro 700 Series offers your users a choice of wearing styles depending on their individual preferences.

With luxuriously soft foam and leatherette ear cushions and the ability to reposition the mic, you can be sure your people are ready to deliver the best possible customer service at all times.

For complex or lengthy calls, you need to know your people remain comfortable so they can handle any kind of customer query.
