Overview

Plantronics Calisto P610-M USB Compact Speakerphone PLR14657

The Calisto 610 USB speakerphone turns any PC into a portable conferencing device.

Manage calls - anywhere - with plug-and-play convenience.

The compact speakerphone integrates with leading softphones to easily manage calls and set up small informal conferences.

Single-touch controls include call answer/end, volume adjust, and mute.

A Kensington lock feature boosts security when deployed in small/medium work areas and shared conference rooms.

With crisp wideband audio and full-duplex 360-degree microphone pick up, the entry-level speakerphone supports business-quality sound for everyone on the call.

And when not in use, simply stow in its carrying case and tuck into a laptop bag or backpack.

- Plug-and-play USB connection
- Full duplex, conference quality audio with 360-degree room coverage
- Ideal for team calls in small and medium-sized work areas
- One-touch call answer/end, volume +/-, and mute
- Compact and portable for use on-the-go with included carrying case
- PC wideband audio for high-quality PC telephony
- Digital Signal Processing (DSP) provides natural voice sound and echo reduction
- Improves meeting productivity by reducing echo, cut-outs, and background noise
- Compatible with a Kensington lock for added security
- Two year limited warranty

- Plantronics Hub software provides added benefits:
- Call control across multiple softphones
- Access to firmware updates as they become available
