Overview

Polycom VVX 500 12 Line Business Media Phone with HD Voice PLY74101

The Polycom VVX 500 performance business media phone unifies superior voice capabilities and applications into a simple-to-use, yet high performance unified communications (UC) solution.

It is the ideal, all-in-one knowledge worker productivity tool, built to integrate seamlessly into a wide range of UC environments.

Designed for a broad range of environments from small and medium businesses to large enterprises, the Polycom VVX 500 performance business media phone improves productivity, by complimenting the workplace applications on the user's computer.

Users benefit from such capabilities as viewing their Outlook calendar on the phone and receiving meeting reminders while still having access to their corporate directory-all while waiting for their PCs to boot.

Users can also extend their PC desktop to include the Polycom VVX 500 phone's screen, helping to enable simplified interactions and dialling using their PC's mouse and keyboard.

Training and multi point communication applications are complemented by the Polycom VVX 500 video playback capability for streaming content.

The Polycom VVX 500 phone is easy to deploy and simple to manage.

Its enterprise-grade, web- based, intuitive configuration method gives administrators the ability to easily set up and maintain a large number of phones throughout the entire enterprise.

The built-in, broad interoperability capabilities allow IT departments to leverage previous IT infrastructure investments and achieve easy integration with third-party UC and productivity applications.

The Polycom VVX 500 phone provides personalized information at a glance, through built in Web applications and even a digital photo frame.

Polycom's 'My Info Portal' serves up stocks, news, sports, weather, and other streamed content directly to the phone screen.

The Polycom VVX 500 phone is ready for future expansion modules and accessories for applications such as video conferencing and even wireless networking.

- Improves knowledge worker productivity
- Reduces training time through superior calling features in a sleek design and simple-to-use phone
- Cuts telephony administration and maintenance costs
- Leverages previous IT infrastructure investments
- Easy to deploy, administer, upgrade, and maintain
- Delivers easy integration with third- party UC and productivity applications
