Overview

Polycom VVX 410 12-Line Gigabit Ethernet Business Media Phone with HD Voice. PoE PLY77471

The Polycom VVX 410 is an expandable colour business media phone that delivers crystal clear communications enhanced collaboration and personal productivity.

The VVX 410 phone brings high-quality, cost effective solution to front line staff handling moderate volume of calls through advanced UC telephony features.

The intuitive colour user interface of the VVX 410 makes navigation easy and requires minimal training.

The VVX 400 delivers breakthrough Polycom HD Voice quality for life-like conversations, while minimizing fatigue making calls more efficient and productive.

Give your front line staff the best experience with this high quality twelve line colour business media phone.

The VVX 410 improves personal productivity by complementing the workplace applications on the computer.

Users can view and manage their Microsoft Exchange Calendars, receive meeting reminders and alerts, access the corporate directory and Instant Messaging/presence status right on their phone display, even while waiting for their PC to boot.

They can also extend their PC's desktop to include the VVX 410 phone's screen for mouse/keyboard navigation and interaction.

The VVX 410 phone is easy to deploy and simple to manage.

Using an enterprise-grade, web-based, configuration method allows administrators to easily provision and maintain even a small number of phones throughout the entire organization.

The VVX 410 phone provides personalized information at a glance, through built-in web applications and custom backgrounds.

The VVX 410 phone also comes ready for future expansion modules as your users' need and business grows.

Designed for enhanced interoperability, the VVX 410 leverages and complements the other existing IT investments in your business.

With the broadest call server interoperability in the industry, the Polycom VVX 410 mid-range business media phone can become the flexible and future-proof foundation for any organization's unified communications strategy.
