Pack Quantity 6
Price : £4.79

Overview

Energizer EcoAdvanced (AAA) Alkaline Batteries (Pack of 4 and 2 Free] April - June 2016

Energizer EcoAdvanced is our longest lasting Alkaline battery, providing up to 80% longer lasting energy, and the world's 1st AA battery made with recycled batteries.

Today, Energizer EcoAdvanced contains 4% recycled material by total weight (which is nearly 10% of a key active ingredient) - it's another step on our journey to bring performance and responsibility to the world.

Ideal for high drain devices such as capturing more of life's precious moments on your digital camera, more power and play time on your gaming device, and keeping the video camera rolling on fun days with the family.

- Lasts up to 80% longer
- Holds power up to 12 years
- Leak resistant
- The world's 1st AAA battery made with recycled batteries
