Overview

Brian Clegg PVA Glue Red Label 600ml

A junior version of Brian Clegg Black Label Premium PVA Medium, exhibiting some of its characteristics but with the advantage of being FULLY washable when dry.

With very strong bonding properties, Red Label is ideal for gluing, collage and also blending with paints to give enhanced effects without loss of colour intensity.

Developed with younger children in mind and specially formulated to wash easily from clothes, brushes and even hair when dry.

- Dries nearly clear
- Good flexibility
- High solids
- Phthalate, latex, wheat and gluten free
- Clean, high colour intensity when mixed with paint
- Extra durability on flexible surfaces
- Super adhesive properties
- Safer for children
