### Overview

---

Pritt (43g) Solid Washable Non-Toxic Glue Stick Standard (Pack of 5)

Pritt Stick has been the ideal clean, quick and accurate way of sticking paper, cardboard and photos.

Pritt is the world market leader and the originator of glue stick.

Thanks to a formula the Pritt Stick now glues even more paper per stick and remains stronger on paper than alternative glue sticks available.

- The Pritt Glue Stick can be applied smoothly and evenly and gives you enough time to reposition the object
- Thanks to the special airtight cap and tube system, the glue stick remains fresh and can be used for several years without drying out
- The glue is washable at 20°C
