Overview

Avery (A1) Precision Trimmer Rotary Cutting Length 880mm Capacity 20x 80gsm Area 1033x371mm

Are you the type of person who takes pride in everything you do? Someone who pays attention to detail and ensures all their work is accurate? If so, you need the A1 Precision Trimmer for all your paper cutting and trimming.

You will find its accuracy and cut quality ensures your work is completed to the highest standard as well as meeting all your safety needs.

Not only is it a large trimmer, it's a great time saver too as it has a cut capacity of 20 sheets of paper so it's perfect for in the office.

- These trimmers have been designed to the highest standard to ensure the ultimate in precision and performance
- The rotary blade self-sharpens with every cut to ensure a smooth, accurate cutting action
- Magnetic backstop is lockable and repositionable to enable accurate repeat cutting, event at an angle
- The blade is safely enclosed in an ergonomic case that's easy and comfortable to move
- Paper and photographic size template are clearly marked on the baseboard
