Overview

Avery ReadyIndex (A4) Extra Wide Index with Coloured Contents Sheet Matching Mylar Tabs 1-10

Industry magazines and newsletters are a great way to keep up with the times.

You need to know what competitors are doing and customers are thinking.

If you store all your magazines and newsletters centrally the whole department can read them at their leisure.

Why not use these Extra Wide Dividers? They are wider than conventional numbered dividers so you can store your magazines neatly behind each coloured divider.

Each one is numbered between 1 to 10 so you can store different publications behind different numbers and colours.

You can also use these 1 to 10 dividers for a range of other office projects and for organising files.
