Overview

Barton (9.8 Litre) Small Parts Container (Blue) Pack of 10

Barton Blue Small Parts Container 9.8 Litre (Pack of 10) 10041.

Use Barton Blue 9.8 Litre Small Parts Containers (10041) together with Barton Louvred Panels (sold separately) to store fiddly components and fittings in an organised, easy-to-use system.

These trays are manufactured from robust polypropylene that can withstand high temperatures and most industrial solvents.

But despite their durability, they're non-toxic and suitable for food storage.

The semi-open design makes it easy to see the contents at a glance.

Add your own label in the index card slot for quick identification..

.

Semi-open containers for use with Barton Louvred Panels.

Index card slot for easy identification of contents.

Made from injection-moulded polypropylene for durability.

Anti-static additive protects sensitive electronic components.

Uses up 9 louvres on Barton Louvred Panels.

Maximum load: 24kg.

Supplied in a pack of 10.

Dimensions: 205x350x132mm (WxDxH).
