Overview

VFM Heavy Duty Storage Bin with Lid (Blue)

VFM Blue Heavy Duty Storage Bin with Lid (Pack of 1) 359518.

Colour code your waste disposal system and you'll have more chance of recycling and disposing of rubbish effectively and appropriately.

With these coloured bins you can easily segregate waste and your employees will be able to easily distinguish between bins.

Multiple bins will stack or nest together when not in use, while the supplied lids will help to keep your rubbish from blowing away or creating an unpleasant odour.

Optional castor wheels are available separately for ease of movement..

.

Ideal for separating waste and recycling with colour coding.

Multiple bins with stack and nest.

Supplied with lids to keep waste together and free from odours.

Constructed from heavy duty polypropylene.

Dimensions: 400x635x345mm (WxDxH).

Optional castors are available.
