Overview

Rapesco Eco (A4) Biodegradable Polypropylene Cut Flush Folder (Pack of 25)

The Eco Cut Flush Folder is a clear polypropylene folder that opens on 2-sides, and features a thumb cut-out making it easy to insert and retrieve documents.

You can store up to 30 sheets of paper thanks to its 3mm capacity.

The Eco range of PP Document Management has been designed to give consumers an environmentally-friendly choice at no extra cost.

Carefully-selected additives enable Rapesco Eco products to biodegrade safely without causing harm to the environment.

These unique biodegradable materials are 100% recyclable and also contain some recycled materials in the manufacturing process.

During the biodegradation process, the products do not emit methane or any chemicals harmful to the soil, even in deep landfill.

Packs contains 25 folders.

- Open 2-sides 100% biodegradable polypropylene file
- Clear for easy identification of contents
- Thumb cut for easy opening
- 3mm/30 sheet (80gsm) capacity
- Pack: 25 files
