### Overview

---

Avery FL01 Adhesive Franking Label Double All Machines (Pack of 1000 Labels)

Why not save time waiting for stamps by using a franking machine? It's a quick way to pay for postage and is ideal for large organisations as there's no need for individual departments to buy stamps.

All the post can be sorted from one central location.

But how do you make sure you have the right labels for franking? These Avery Franking Labels are great for hand-fed franking machines.

Not only do they have space for the postal mark but you can also fit advertising messages on.

So you get double the benefit from just one label.

- For hand-fed franking machines
- Enough room on the label for both postal franking and advertising messages
