Overview

Dymo LabelManager Plug N Play Label Machine USB Lithium-ion Battery D1 Prints 2 Lines

The DYMO LabelManager PnP offers the answer to various label challenges.

Connectable by USB you can label wherever directly form your PC or Mac, leaving power cords and batteries no longer needed.

As the built-in software pops right on to your computer screen, ready-to-use, you can use all the font styles and sizes available in Windows/Mac or graphics on your computer.

Editing your text and managing the lay-out of the label (borders, orientation, margins, ...) has never been more easy.

It's high printing speed and compatibility with a wide range of labels make the DYMO LabelManager PnP even more professional!

- Connects to PC or Mac
- No software installation required with plug and play
- Lithium-ion battery (included) and USB re-chargeable
- Uses keyboard and PC monitor to create labels
- Prints on D1 tapes up to 12mm
- Prints up to two lines
- Compatible with Windows 2000/XP/Vista/Windows 7 and Mac OS 10.4+
