Overview

Avery J8435-25 White CD Case Insert Inkjet

Have you printed your own CD Labels? Well why not finish the job completely by creating your own inserts for jewel cases? This way you can match the CD to the case so it all looks very professional.

It's also an opportunity for you to add extra information such as a song list if you have created a music CD.

If it's office documents you have saved on a CD you could print the contents for easy referencing.

This insert set includes the cover and tray in one.

Customise both cards using the Avery DesignPro Software.
