## Overview

Avery J8676-100 White Full Face CD/DVD Label - Inkjet [Pack 200]

Taken some holiday snaps? You can store all those special memories in one place by creating a CD of digital photos.

It's a great way to show friends, family or colleagues a large number of pictures.

If you take a lot of photos, and create several CDs, you'll need a way to identify what's on each one.

Use CD Labels to display the contents such as 'Family Holiday 2008' or 'Christmas 2006'.

These Full Face CD Labels give you more space to design your own CD Labels so you can create personalised text and graphics.

- Inkjet CD labels, with a larger 117mm full face design, giving more space to add a personal touch
- Pre-designs available to ensure a professional finish
- Compatible with the Avery CD/DVD COMBI labelling kit
- Dia.117mm QuickDRY Ref J8676-100 [200 Labels]
