Overview

Post-it SS Dry Erase Roll 15.24 x 1.21m

The Post-it Super Sticky Dry Erase Surface is designed to stick to a variety of painted drywall and steel surfaces, glass, finished wood, and existing whiteboards or chalk boards.

The Post-it Super Sticky Dry Erase Surface is easy to install and requires no tools - just unroll, peel and stick.

Utilizing a proprietary dry erase coating, the Post-it Super Sticky Dry Erase Surface is stain-proof, erases cleanly every time and writes smoothly.

From horizontal applications on desks or tables to vertical applications on surfaces where traditional whiteboards cannot be installed, such as windows, the Post-it Super Sticky Dry Erase Surface can be cut-to-fit and provides endless possibilities for dry erase solutions in new places.

It's even great for replacing old dry erase surfaces that may be ghosted - simply apply over the existing board and it looks new again.
