Overview

Sigel Artverum Magnetic Glass Board (Slate) 91x46cm

Anthracite Artverum Magnetic Glass Board with a highly polished surface, "Slate" design.

The award-winning board comes with a classy stone structure.

Magnetic, for use with SuperDym/neodymium magnets, and ideal for writing on with Sigel chalk markers.

Made of safety glass (EN 12150-1).

Mounted without a frame, the magnetic glass board seems to float freely in front of the wall.

The TÜV and GS-approved product safety and the TÜV-approved safety mounting fittings ensure a secure hold on the wall, in portrait or landscape format.

There is a 25-year guarantee on the glass surface when Sigel accessories are used.

The board dimensions are 91x46 cm.

Box contents include three extra-strong SuperDym magnets and mounting fittings.

- High-quality tempered glass
- Artverum is magnetic and can also be written on
- Write on using chalk markers
- Wipe clean using damp or dry cloth
- Magnetic glass boards are mounted with magnets
- Invisible fixings, so board appears to float rather than be attached to the wall
- Includes two extra-strong magnets and mounting material

- Size: 910x460mm
- Attach Notes Etc. With Superdym/Neodym Magnets
- Write On With Chalk Markers
- Can be mounted in portrait or landscape format
- Safety Mounting Fittings Without A Frame For A Free-Floating, 3D Look
- Includes 3 Extra-Strong Superdym Magnets
- Tuv And Gs-Approved Product Safety
- Safety glass (ESG) according to EN 12150-1
