Overview

Pritt ECOMfort (4.2mmx8.5m) Correction Roller (Pack of 10)

The Pritt ECOMfort Roller - the first correction roller made from recycled material.

This correction roller offers fast and dry correction which is clean and precise, without leaving shadows or marks on photocopies.

Ideal for home and office use.

- The ECOMfort Roller features 4.2mm tape width and 8.5m length
- Comfortable side way application
- First correction roller with shells made from 89% renewable materials
- Produced with a reduced carbon footprint
