Overview

Pilot SCA-400 Chisel Tip 4.5mm Tip Width 4.0mm Line Width Permanent Marker (Black) Pack of 20

The PILOT PERMANENT MARKER 400 uses a new development in permanent oil-based ink technology, Controlled Surface Properties (CSP) Ink.

CSP ink delivers class-leading performance in terms of vivid ink colour with a high fixing strength and abrasion resistance for all types of surface including plastic, metal, wood, card and glass.

The PILOT PERMANENT MARKER 400 also delivers one of the longest cap-off times (24 hours) which mean that this marker pen will continue to work perfectly, long after when other types of permanent marker may have dried up.

Available in 4 CSP ink colours - Black, Blue, Red and Green.

4.5mm Chisel tip gives a 4.0mm line.

- Permanent Marker
- Chisel tip
- Oil-based ink
- A new development in permanent oil-based ink technology, Controlled Surface Properties (CSP) Ink
- CSP ink delivers class-leading performance in terms of:
