Overview

Tyvek Envelope (D4) 381x254mm White (1 x Pack of 100)

Only envelopes made of DuPont.

Tyvek offer the unique combination of lightweight strength, versatility and excellent print quality needed to protect important documents while enhancing your company image.

It is a truly innovative material that delivers better, smarter solutions for every type of mailing, shipping and storage job.

Tyvek envelopes have a distinctive look and feel - bright white and silky smooth, Tyvek envelopes set themselves apart from other mail.

The exceptional whiteness of Tyvek enhances graphic images and supports your company's corporate image.

Tyvek brand protective material is NOT paper - significantly lighter than paper, it's also stronger - an important factor when you're mailing something heavy or chunky.

And, when paper gets wet, it absorbs moisture and falls apart.

Tyvek doesn't.

Paper can also be torn, frayed, punctured and destroyed easily.

Tyvek resists all of these hazards.

And, printing on Tyvek creates brilliant results.

So when you actually think about it, when you need protection, why would you choose anything but Tyvek envelopes!

- Lightweight and strong
- Incredibly water and moisture-resistant
- Rip, tear and puncture-resistant
- 100% recyclable
- Distinctive look and feel
- Size D4 (381x254mm)
