Overview

Epson Premium (610mm x 30.5m) Glossy Photo Paper on a Roll 165gsm (White)

Epson Premium Glossy Photo Paper An instant-drying, high-gloss paper with a resin coated (RC) base, which allows the paper to maintain vivid, lifelike colours, on par with traditional prints.

A favourite among photographers and graphic artists, its non-cockling characteristics make it ideal for photographs, promotional pieces, layouts, portfolio images, proofs, displays and posters.

It creates high-quality prints by offering maximum ink coverage with brilliant colour inks that dry quickly.

This paper can also be easily laminated to provide protection from light and moisture.

This really is the best premium quality photo paper, ideal for special occasions and treasured memories.

Like all of Epson's innovative media, this paper is engineered to give you the highest resolution and colour saturation possible.

Epson's printer driver software actually optimises the amount of ink released onto the page, based on the type of paper used.

As always, Epson supplies guarantee Epson quality.

- A resin coated photo paper with a look and feel of real photographic paper
- This photo paper with high gloss, smooth, cockle free surface is an exciting media for advance-level amateurs, photographers and graphic artists
- 165gsm
- 24 inch x 305m
